

Have you considered a career in the shipbuilding industry? We offer a vantage point with international development opportunities in the maritime industry.

We are looking for **Logistics professionals** for **NIT Naval Interior Team GmbH in Bremen and in Wismar, Germany** for project assignments for luxury cruise ships and passenger ships. Logistics plays an important role for its part to ensure the success of our projects.

We expect a suitable industry-specific training and experience, German and English skills, basic knowledge of MS Office software, forklift license, courage, commitment and confidentiality, and you to bring new perspectives to our comfortable and relaxed work community. A truck driving license would be beneficial.

Logistics is responsible for:

- Making transport orders and delivery of cargo documents to agreed parties
- Making packing lists and markings, as well as archiving
- Making freight invoices
- Intrastat declarations to customs every month
- Tasks in the warehouse, such as picking, packing and transport equipment
- unloading and loading
- Urgent assistance and vacation support at site logistics
- Other tasks supporting logistics

We are proud of:

We are one of the most reliable partners in our field.

We have a good team spirit, take good care of our personnel and the atmosphere in our work community is nice. Our management is actively and interested in our daily work.

We offer you versatile work tasks and the opportunity to expand your skills according to your own development.

NIT Naval Interior Team has offices in Piikkiö, Turku, Eura and Rauma, as well as in Germany. Our main partners are shipyards and shipping companies. The company is responsible for the total deliveries of luxury cruise ships and passenger ships in different areas. Total deliveries include the entire project from planning to delivery as well as site aftercare. We currently employ about 115 people across NIT.
