

HIRING: SITE MANAGER

Have you considered a career in the shipbuilding industry? As a turnkey supplier we are providing tailor made interior solutions to shipyards and shipping companies. With an international team of 100 shipbuilding professionals NIT is located in Finland and Germany. We offer a perspective with international development opportunities for expert positions in the maritime industry.

Currently we are looking for a **Site Manager (Wismar/Papenburg)** for assignments for luxury cruise, passenger and navy vessels. Being the head of the site, a close cooperation with the supervisors, design department and project management, is the key to success.

Key tasks:

- Create a project construction schedule together with the Project Manager
- Schedule responsibility and weekly updates
- Participates in the design and quality control of preforms
- Supports planning and procurement to solve problems
- Create the conditions on the site to do the work on schedule
- Checks and approves invoices for installation work
- Participates regularly in site meetings
- Site management and forecasting

Qualification:

- Appropriate technical education
- Previous experience in shipbuilding and site managing
- Good verbal and written German and English
- Monitoring of work progress, budget and quality
- Ability to systematize and make informed decisions with a quick schedule
- Basic skills in Autocad
- Competent knowledge in MS-Office

With a suitable industry-specific training and experience, German and English language skills, courage, commitment and confidentiality, and you bring new perspectives to our comfortable and relaxed work community.

What you can expect:

We are one of the most reliable partners in our industry.

We have a good team spirit, take good care of our staff and have a nice atmosphere in our work community. Our management is actively involved in our daily work. Flat hierarchies and an open door policy are a matter of course for us.

We offer you versatile work tasks and the opportunity to expand your skills according to your own development.
