

Have you considered a career in the shipbuilding industry? As a turnkey supplier we are providing tailor made interior solutions to shipyards and shipping companies. With an international team of 120 shipbuilding professionals NIT is located in Finland and Germany. We offer a perspective with international development opportunities for expert positions in the maritime industry.

Currently we are looking for a **Supervisor in Rauma** for assignments for luxury cruise, passenger and navy vessels.

Key tasks:

- The Supervisor takes care of leading work and people.
- Is responsible for the work of the installers and ensuring the quality of the work.
- Supervises that subcontractors' work is carried out on board in a timely, cost-effective and qualitative manner.
- Is responsible for inspection and sales of areas and identifies daily subcontractors' open and other practical issues.
- Participates in meetings with suppliers.

With a suitable industry-specific training and experience, Finnish and English language skills, courage, commitment and confidentiality, you bring new perspectives to our comfortable and relaxed work community.

What you can expect:

We are one of the most reliable partners in our industry.

We have a good team spirit, take good care of our staff and have a nice atmosphere in our work community. Our management is actively involved in our daily work.

We offer you versatile work tasks and the opportunity to expand your skills according to your own development.
